

**Maharashtra Chamber of Commerce
Industries & Agriculture**

MCCIA's International Business Summit Pune, 2nd -3rd March, 2020, Pune India.

Pune International Business Summit – 2nd and 3rd March 2020

The Global economic scenario is changing rapidly. The Regulatory Environment in major economies is also undergoing significant changes. The technological advances are disrupting the traditional business and are throwing up exciting new business prospects. The experiences of existing manufacturing, IT and Industry and aspirations of Gennext Entrepreneurs and consumers are reshaping the future. Sustainability is becoming one of the key drivers of businesses around the world.

In this context, Maharashtra Chamber of Commerce, Industries and Agriculture, Pune - India thinks that time is right to initiate a Series of Major Annual Events - Pune International Business Summit to deliberate about the future of business, impact of technology, Policies, Research, Innovation and Sustainability which will drive future growth prospects around the world.

This will also be an ideal platform for the business community from India and around the world to explore mutually beneficial business prospects, learn about the technology trends and policy perspectives from around the world which would impact the future. It would also bring out the newer areas that industry constituents could venture into for their next level of growth.

The Main Focus will be on :

International Trade and Investments : Trends in Policy, Trade Perspectives, Investments and emerging prospects

Infrastructure Developments Fuelling Growth momentum of India and other countries

Civil Aviation, Railways and Metro, Roads, Water Based Transport and future ways of transport

Emerging World Order and India's Place in it

Trade Facilitation

Connecting to Global Supply Chains

Strategic Regionalism in Global Trade

At the International Business Summit Pune, we aim to bring together :

Dignitaries from Central and State Government

Ministers and Senior Officials from other countries

Thought Leaders

Sector Experts
